Classes I - IX

Dear students

Greetings!

Subject – Importance of attending school on Saturdays

We hope this message finds you in high spirits and ready for an exciting weekend ahead! As you know, Saturday is not just any ordinary day, but a day filled with fun, learning and camaraderie at school. This is the day dedicated to a series of age appropriate activities wherein you learn and acquire a lot many skills. That's why we encourage all our students to attend the school on Saturdays and participate in the various house activities and inter-house competitions planned for the day.

Please note that co-curricular activities and inter-house competitions are not merely events to pass the time; they hold immense value in shaping your overall personality and development.

These activities provide you with numerous opportunities to develop your skills, build team spirit, boost self-confidence, learn time management and a platform to experience healthy competition which is essential for personal growth. Engaging in different activities allow you to explore and enhance your talents. This not only helps you discover your strengths but also works on improving your weaknesses.

Remember, school is not just about academics; it's also about personal growth, making memories, and creating a well-rounded personality. Participation in these activities will not only contribute to your growth but also bring joy and pride to your family.

So, please make sure that you don't miss the school on Saturdays.

We believe in your abilities and know that you will make your parents and school proud.

NOTE: Parents are requested to motivate their wards to attend school on Saturdays (except 2nd Saturday).

Regards
