Classes LKG - IX

Dear parents

Greetings!

Subject – Celebration of Foundation Day *****

We are elated to inform you that Team Solitaire International is going to celebrate 7th Foundation day on **Tuesday, 16th April 2024.**

It's a milestone which will be celebrated with great zeal by each member of Solitaire family. To keep students joyfully engaged all through the day as a number of activities are planned. As inculcating human value system is one of the integral objectives of education at Solitaire International School, therefore, besides having fun, our students will also be involved in activities like 'Plant a Sapling' and 'Joy of Giving'.

It's aptly said- ***'Happiness held is a seed. Happiness shared is a flower.'***

To multiply their joy, the school will reach out to under privileged members of society by paying a visit to the Ashiana - an orphanage centre, Sec-16, Panchkula.

Parents are requested to send packed food items or pre-loved articles of their ward i.e. clothes, toys, books or stationery items that will be useful for inmates of Children's home.

Kindly ensure that the articles should be in good condition, re-usable and should be properly packed with your ward's name and class written on it. A group of students along with a teacher will pay a visit to the Children's home to donate packets during the school hours only.

It will be a no-bag day. Students are supposed to carry only party tiffin and a water bottle.

They must attend the school in proper uniform.

Your co-operation is solicited.

Regards

Team Solitaire International
